

National Design Award Presented

Belleville, IL – CH2M HILL, headquartered in Englewood, CO, and **KZF Design**, based in Cincinnati, announce that they have received a U.S. Air Force national design award for concept design of the United States Transportation Command (USTRANSCOM) consolidation facility at Scott Air Force Base.

The companies were presented the 2008 USAF Merit Award for Concept Design at the annual U.S. Air Force Design Awards ceremony held in Washington, DC. The \$74-million USTRANSCOM project at Scott Air Force Base includes 220,000 square feet of new construction and addition/alteration of facilities to consolidate command operations from across the U.S. ■
