

KZF in venture with Florida engineer firm

WALNUT HILLS – KZF Design has teamed with Central Florida-based civil engineer firm Franklin Hart & Reid to form a joint venture, FHR/KZF. The new venture will be based in Kissimmee, Fla. and will offer engineering, surveying, planning, design and architecture services. The team is working on offices for the Toho Water Authority in Kissimmee. FHR's recent projects include the 900-acre Stonybrook South development (DRI) for Lennar Homes, the 600-acre Legacy Resort for Mainstreet Management and a 700,000-square-foot distribution center for Pepsi.
