Hemmer tapped to build facility for U.S. Worldwide Logistics

Business Courier of Cincinnati

Fort Mitchell-based **Paul Hemmer Cos.** is building a Northern Kentucky warehouse and distribution facility for **U.S. Worldwide Logistics Inc.**

The company, a global logistics provider, currently operates an 82,000-square-foot facility at Airpark International Business Park near the Cincinnati/Northern Kentucky International Airport. The new building represents an expansion of about 42,000 square feet, according to a news release.

The building was designed by KZF Design. The project is expected to be completed by Nov. 1.
